MSc student at Bournemouth University. Possess strong analytical, problem-solving and teamwork skills, as well as the ability to quickly learn and adapt to new tasks. Looking for an opportunity to make the most of my time here in Bournemouth by working part-time during my studies.

Education

Bournemouth University	MSc Data Science and Artificial Intelligence	(2019-Present)
Beaconhouse National University	BSc (Hons) in Software Engineering	(2014-2018)

Work Experience

IT Intern, Omni-Code (June 2020 - Present)

- Performed Security/Compatibility/Integration and Regression Testing on existing applications
- Managed the deployment and maintenance of applications on AWS EC2 servers
- Developed software prototypes - documented functional requirements and technical specifications
- Designed SQL databases from scratch and performed normalization techniques

Skills

Programming

- Familiar with popular machine-learning libraries including Weka, Keras and Tensorflow
- Confident in creating large-scale data visualizations using Python and MATLAB
- Experienced with various database technologies including Oracle, SQL, MongoDB and Neo4J
- Programmed applications in PHP/Laravel/MySQL/VueJS while working as IT Intern

Communication/Writing

- Participated in daily standup meetings and discussed sprint progress while working as IT Intern
- Experienced with popular teamwork applications including Google Colab, Trello and MS Teams
- Advanced user of MS Office and Google Drive – Familiar with Agile Methodologies, Scrum and Kanban

Awards

Smart Port Hackathon 2020	(SPEED BCP)
Sir William Siemens Challenge	(Siemens UK)
AWS Cloud Practitioner Essentials	(AWS Training and Certification)
Intro to Big Data: Limitless Possibilities	(Oracle Academy)

Presentations

The Application of Neural Networks in Football Match Outcome Prediction	(June 2020)
5G: An insight on some risks and potentials	(Jan 2020)
Pareto Optimality and Dominance Relations in Multi Objective Problems	(Sep 2019)
Data Mining framework for Lesion Classification in Shear Wave Ultrasound	(May 2018)
